## Response to Amendment

1. The amendment filed on October 21, 2003 has been entered.

## Allowable Subject Matter

Claims 1-12 are allowed.

3. The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses the specific method of directly measuring the reflectance from a ratio of spectral radiance. Prior art references such as Cohen disclose a similar technique, the Cohen reference disclosed does not directly calculate the spectral reflectance, but rather correlates the collected data to a calibration curve to remove contributions from unwanted sources such as sun elevation or cloud coverage. However, the current application determines the spectral reflectance by collecting data from a pair of spectral bands and applying a ratio rather using other standard data to correct for unwanted sources that could contribute to erroneous data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christine Sung whose telephone number is 703-305-0382. The examiner can normally be reached on Monday- Friday 7-4 pm.

Art Unit: 2878

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Porta can be reached on 703-308-4852. The fax phone number for the organization where this application or proceeding is assigned is 703-308-7722.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-308-0956.
